**Notice: Please read *Information on Appeal Procedures for Unlimited Civil Cases* (Judicial Council form APP-001) before completing this form.**

1. I (*name*): **Geoffrey Mangers**  
 request that the time to file  appellant's opening brief (AOB)  
 on (*date*): **August 9, 2010** be extended to (*date*): **→**
2. I have received a rule 8.220 notice.

**As yet I have no idea as to when I'll hear (if ever) from the Supreme Court on my writ petition of review** that I gave to Robert Toy last July 30, 2010. Following that: **60 days** from whence all my CCP §382 parties join me and the court grants me a complex designation or can explain to me how to serve the rest of the parties I need to enjoin in this suit without it.

*"5. The reason I need an extension .. is.."*

**"See me"**

the court told me. And twice so lest I forget it. I'd like to ask it the same question.

My delays are what this suit is ultimately all about. They are very frustrating to me and prejudice against no one but myself and my class. I cannot file my AOB yet because the quality would be severely impaired until I can recover my financial and mental health sufficiently to properly complete it.

The door to Mediation was locked. Why? And why is the mediation form I filed kept confidential?

I have already listed the other reasons in my other extension requests. And follow on the next page.

CASE NAME: G. Mangers Vs' <i>caption in dispute</i>	CASE NUMBER: H035035 & H035318
--	-----------------------------------

**PROOF OF SERVICE**

1. At the time of service I was at least 18 years of age

My residence address is: 4124 Ross Park Dr. San Jose, CA 95118-1761
---

On August 9, 2010, I personally served this by publication on www.publicforall.com for all to see. Because it's the only way I know how to do it absent a complex designation.

*"The Superior Court Judge would never allow it!"* (Gloria Chacón)

You will find the complete letter in the clerk's transcript (pp 43-45). Dated April 7, 2007 in which I stated:

"I send this complaint to you Gloria with much *Loving Affection* and to the Court with many many questions."

3. Thus far I have **NO** extensions on my lead case: **"See me"** -- the court told me and twice so lest I forget it. And was **absolutely right** on this one. And I am negligent, *very* negligent. My problem is that I'm just plain *slow*.

I have several extensions (but not enough time to list them all at the moment) & a default notice on the other two cases: H035035 & H035318 (which are the same case, as yet unconsolidated and properly bifurcated)

4. I am unable to file a stipulation with the court to an extension because at the moment I do not know how to properly ask the court for it:

"See me"

5. The reason I need an extension to file this brief is

(please specify; see Cal. Rules of Court, rule 8.63, for factors used in determining whether to grant extensions):

The whole thing would make *anyone* ill, Severe impact on the quality of it, it prejudices no one but myself and my class.

I still have some Notices of Appeal I've as yet not had time to send. Nor do I know who all my defendants and CCP §382 parties are as yet. And how am I expected to have any of them show up if I serve them with a summons with no CMC date?

This Wednesday is the next monthly Board of El Camino Hospital of which I'm hoping to enjoin at least one Board member to join me as a plaintiff. Further, I need to continue to pursue the denials on my Social Security. And I have some as yet dominating and unresolved medical issues.

I've been constantly bogged down in developing (but mainly *debugging*) software (I don't have time to explain it all here). I still need to pursue my petition with the Supreme Court.

Also, I have the delays any indigent faces in this world trying to survive. It would make *anyone* ill. I'm committed to this case. To see it to its proper end and to have my day in court before a jury of my peers. And grateful for the deadlines. Without which I would have gotten nowhere. Thank you. **More to follow but I need a few more days to complete it.** And serve it as best as I can upon as many parties as possible.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
