<b>APPLICATION FOR EXTENSION OF TIME TO FILE BRIEF (CIVIL CASE)</b>		

**Notice: Please read Information on Appeal Procedures for Unlimited Civil Cases (Judicial Council form APP-001) before completing this form.**

- I (name): **Geoffrey Mangers**  
request that the time to file  appellant's opening brief (AOB)  
on (date): **August 26, 2010** be extended to (date): **→**
- I have received a rule 8.220 notice.

**60** days from whence all my H035318 CCP §382 parties join me and the court grants me a complex designation or can explain to me how to serve the rest of the parties I need to enjoin in this suit without it.

*5. The reason I need an extension .. is.."*

Are the same as I have already stated in H035035.

I have a desk overflowing with papers unsorted and unattended to. Alas, I can't find the letters quickly enough at the moment, but it occurs to me that I may have never requested an extension in H035318 and that this could, in fact, be my first one.

In any event, suffice it to say that I simply wish to repeat what I already have in H035035 and that if I'm to be held to the dismissal deadline in the H035318 default notice and not to be allowed an extension and if the Supreme Court denies it also, that I simply wish to file as my AOB all that I have in the entirety of H035035, H035318, 1-08-CV-109152 as well as upon [www.publicforall.com](http://www.publicforall.com). I think it speaks for itself and the plight of all the rest of those in my class of litigants disenfranchised by their indigence and that only. (continued next page..)

**PROOF OF SERVICE**

1. At the time of service I was at least 18 years of age

My residence address is:  
4124 Ross Park Dr.  
San Jose, CA 95118-1761

On August 26, 2010, I personally served this by publication on www.publicforall.com for all to see. Because it's the only way I know how to do it absent a complex designation.

*. The reason I need an extension .. is.."*

*(continued from p. 1..)*

I am committed to this case. And can think of nothing that could make me more ill than to hear that Justice is no longer available to those who cannot afford it and that all I have been taught to believe in is an illusion.

I'd like to know there's still something left to believe in in this world. And not be told that all I have struggled for and that has dominated every single day of my life since May 17, 2006 will not even see the light of day.

Rule 8.63 allows me to request it: the reason I need an extension is because I have become ill from it all. And the day I will begin to be restored to health is the day I hear those words before a jury of my peers telling me: "*Geoffrey, tell your story*". And when I once again ask the court how much time I will have, perhaps instead this time I may hear the ones Sylvia Romero gave me: "*As long as it takes*".

Alas, I need more time to finish filling out this request fully. But I need to serve this before midnight. And the hour is very very close upon me now. I'm grateful for the deadlines.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.
